**SPARKLE lives with Andy and Sandi, Sandi writes;** "We have named our little girl SPARKLE. She is lots of fun and is a real little character who is bringing us a lot of pleasure. She's incredibly smart and learns fast and is also very loving. She's so beautiful, her colours and markings are intensifying as she grows. Sparkle is very healthy and is growing well. Thank you for the great start you gave her. We are very happy with Sparkle as our new family member. I'm sure the owners of the new kittens will love theirs as much as we love our Sparkle. Your kittens are wonderful! Everyone who meets her comments on her beauty and how sparkly she is.

Thanks for raising such a fantastic little girl for us Janne.
