

**CORBAN** is living with his new family on a farm. He has lots of other critters to play with (Saydee is his best friend)

**Sanna writes;** Corban has settled in wonderfully well. He is such a happy little man and everyone loves him. He loves living here. I look forward to you seeing how well he is doing.

He is so curious about everything, runs to the door to greet visitors, "helps" with household chores like vacuuming, gardening, bathing the children- he even likes to bath with them!

Owning a Bengal is such a delight. He's the best cat I've had the pleasure of owning. I wouldn't change a thing about him.

Our visitors have tried to kidnap him!

He fits our family perfectly, thanks so much for him!

Corban is 5 Months old now. Sanna writes,
